IMADxp...

Your Single End-to-End Web & Wireless Solution for Integrated Acquisition, Supply Chain Management, e-Commerce, Auctions, e-Catalog, Bar Coding & Reporting.

IMADxp is a suite of business intelligence tools and products that can be used separately or as a suite of products to offer a comprehensive framework to exchange, monitor, analyze and control information for evolving business processes. The suite of applications works individually or collectively to link acquisitions, asset visibility, RFID, auctions, vendor xchange, e-catalogs and reports. IMADxp makes it possible for inter- and intra-operability across federal and state and local governments to streamline web collaboration and communication.

IMADxp secures Business-2-Business and Business-2-Government solutions for real-time asset management, procurement, purchase card tracking, and reporting.

Improve customer service and link information faster — anytime, anyplace, anywhere.

ZDNET, a leading technology publication, rates IMADxp "Easy, Intuitive, and User Friendly"
